"Down by the Bay" Learning Series:

Join CACS educators every Tuesday and Thursday at 2:00 pm AKDT for a short virtual field trip, live Q&A, and step-by-step directions for an at-home science activity!
This series is designed for 4th-8th grade students, but younger learners with help from parents or caregivers are welcome to participate too. We'll be using Zoom -- just click on this link to join the session at 2:00 pm AKDT https://zoom.us/j/267741921
E-mail katieg@akcoastalstudies.org for further directions or if you need assistance.

- Tuesday, April 7th is the first event in the series and the topic is Intertidal Animal Adaptations!

  No special supplies are required for the "Invent an Invertebrate" activity, but learners will need access to basic craft supplies and/or household items that can be used to create a costume.
